Re: Matteo Iron and Metal Superfund Site- Request for Consent to Access to Willow Woods Trailer Park, 1762 Crown Point Road, Thorofare, NJ

To Whom It May Concern:

This letter seeks your consent to access the above-referenced property owned by your company. Your property is located adjacent to the Matteo Iron and Metal Superfund Site (the "Site"). The United States Environmental Protection Agency ("EPA") will be continuing the soil investigation and sampling previously conducted on your property and will be installing a chain-link fence along the property line of the Site.

We also have enclosed a Consent to Access form for your review. Unless you have questions concerning your obligations regarding access, we request that you execute the form and return it to Nicholas Magriples, the On-Scene Coordinator, within 7 days of receipt of this letter, at the following address:

U.S. Environmental Protection Agency
2890 Woodbridge Avenue
Edison, NJ 08837-3679

Alternately, you may fax the form to Mr. Magriples at 732-906-6182. If you would like to discuss the form, please contact me at 212-637-3140 at your earliest convenience.

The activities that EPA will perform as part of the removal at the Site include: 1) visiting and inspecting the property; 2) collecting soil samples, as needed, for further delineation of the property; 3) erection of a chain-link fence along the northern property boundary with the Matteo Iron and Metal Site and located on the Site; 4) conducting a property survey and a utility survey prior to the fence installation, and 5) any other actions that are authorized by the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. § 9601 *et seq.*, as amended ("CERCLA"), as may be necessary to abate the threat to public health, welfare and the environment posed by the release and threat of release of hazardous substances at and from the Property.

We look forward to hearing from you and receiving the executed Consent to Access form.
Thank you for your assistance.

Sincerely,

D. Urdaz
